

Plumbing Technician

Full job description:

Join our team as a Plumbing Technician where your expertise will contribute to the success of our projects while ensuring customer satisfaction through quality workmanship.

Job Type: Full-time

Pay: \$25.00 - \$35.00 per hour

Expected hours: 40 per week

Job Summary:

We are seeking a skilled Plumbing Technician to join our team. The ideal candidate will have a strong background in plumbing, construction, and maintenance, with the ability to troubleshoot and resolve plumbing issues efficiently.

This role requires a hands-on approach to install, repair, and maintain plumbing systems in residential and commercial properties. The Plumbing Technician will work independently and as part of a team to ensure high-quality service and customer satisfaction.

Benefits

- Company truck
- Fuel card
- Bonus program
- Professional development assistance
- 401(k)
- 401K w/ Match
- Health insurance

- Dental insurance
- Vision insurance
- Paid holidays

Responsibilities:

- Install, repair, and maintain plumbing systems including pipes, fixtures, and appliances.
- Troubleshoot plumbing issues and provide effective solutions.
- Assemble and install various plumbing components using hand tools and power tools.
- Conduct routine inspections of plumbing systems to identify potential issues.
- Collaborate with other tradespeople such as carpenters and handymen for remodeling projects.
- Ensure compliance with local building codes and safety regulations.
- Maintain accurate records of work performed and materials used.
- Provide excellent customer service by communicating effectively with clients regarding their plumbing needs.

Skills:

- Proficiency in using hand tools and power tools relevant to plumbing tasks.
- Basic math skills for measurements and calculations related to installations.
- Experience in construction plumbing, including knowledge of pipe fitting and welding techniques.
- Ability to assemble various plumbing fixtures and components accurately.
- Familiarity with remodeling processes related to plumbing installations.
- Strong problem-solving skills with attention to detail

- Excellent communication skills for effective interaction with clients and team members.
